Believe it or not, this book is about boredom. Yup, you read it right — BOREDOM! Do you usually feel bored? Then this book is FOR YOU!

In *The Boring Galaxy*, Captain Fingerman takes an explorative mission through duh, the Boring Galaxy, of course! As captain of the Banana Star, and accompanied by his brilliant A.I. friend, B.I.R.I., Captain Fingerman discovers how to reformulate all that's boring, from showers, to queues and homework, and whatever!

So join us, and you'll find that BORING can be FUN and EXCITING when you let yourself be guided by your IMAGINATION! No kidding!

And psst...! Captain Fingerman is super dorky, so BEWARE! Like really, really BEWARE! Over and out!

CAPTAIN FINGERMAN

THE BORING GALAXY

MATTEO & MAURO MORO

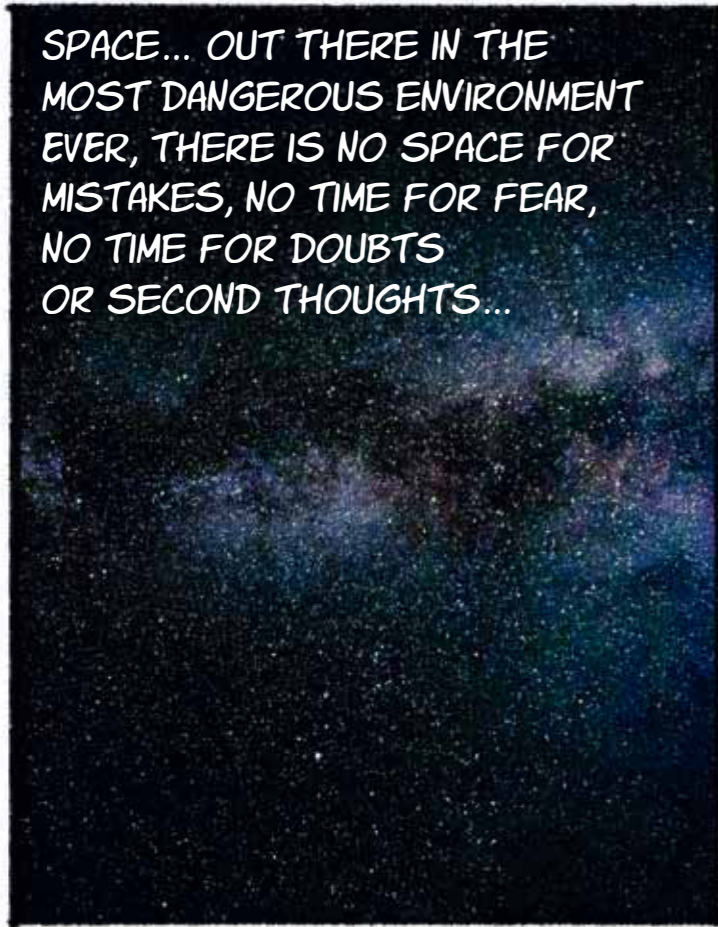

01 – INTO SPACE

DID YOU KNOW?

In space, there is ZERO gravity. Gravity is an invisible force that pulls objects toward each other. Earth's gravity is what keeps you on the ground and what makes things fall. In space, there is zero inertia: if somebody pushes you out into the open, you will float endlessly forever!

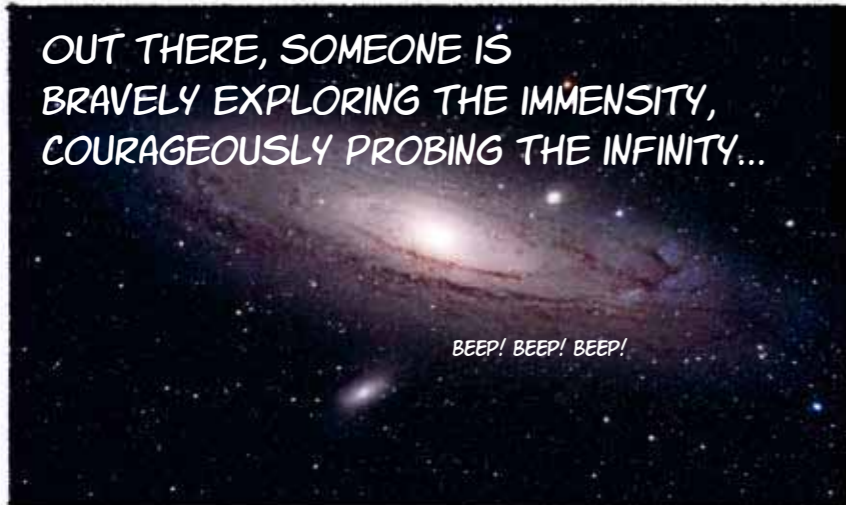

SPACE... OUT THERE IN THE MOST DANGEROUS ENVIRONMENT EVER, THERE IS NO SPACE FOR MISTAKES, NO TIME FOR FEAR, NO TIME FOR DOUBTS OR SECOND THOUGHTS...

IN SPACE, THERE IS NO AIR! THERE IS NO MAMA! THERE IS NO PAPA! THERE IS NO BATHROOM!

OUT THERE, SOMEONE IS BRAVELY EXPLORING THE IMMENSITY, COURAGEOUSLY PROBING THE INFINITY...

BEEP! BEEP! BEEP!

SOMEONE ALWAYS READY, ALWAYS ALERT, ALWAYS VIGILANT...

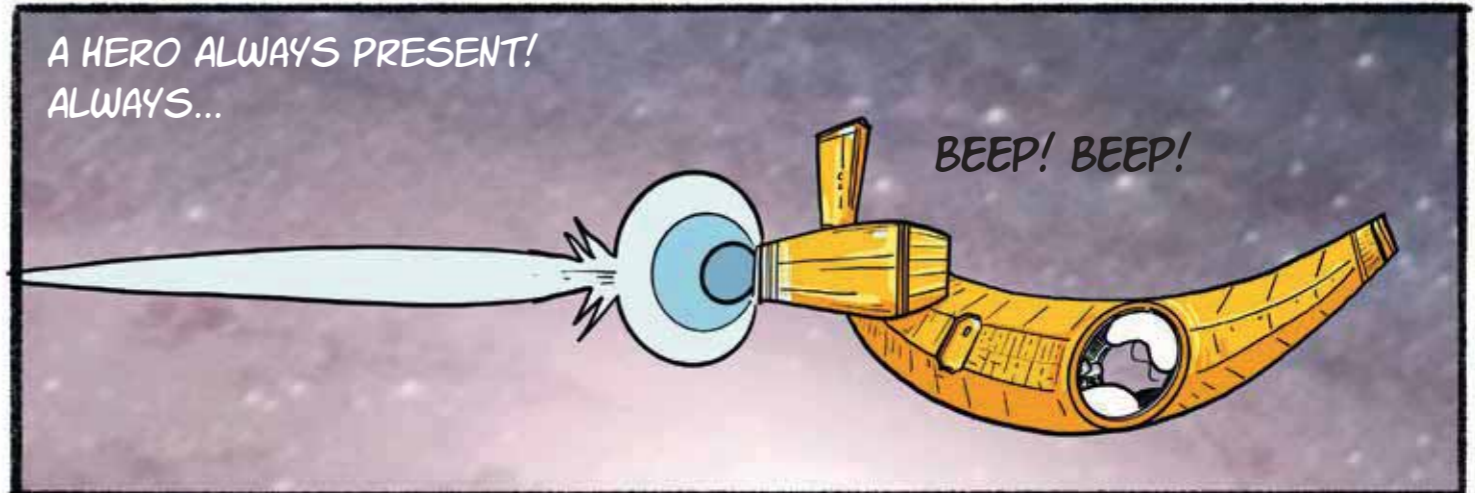

BEEP! BEEP! BEEP!

Review

SOMEONE? NO! NOT SOMEONE! A HERO! A HERO, ALWAYS READY!

BEEP! BEEP!

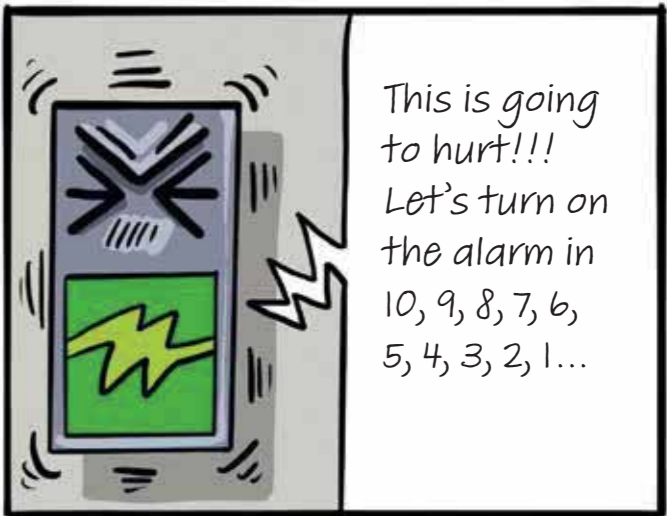

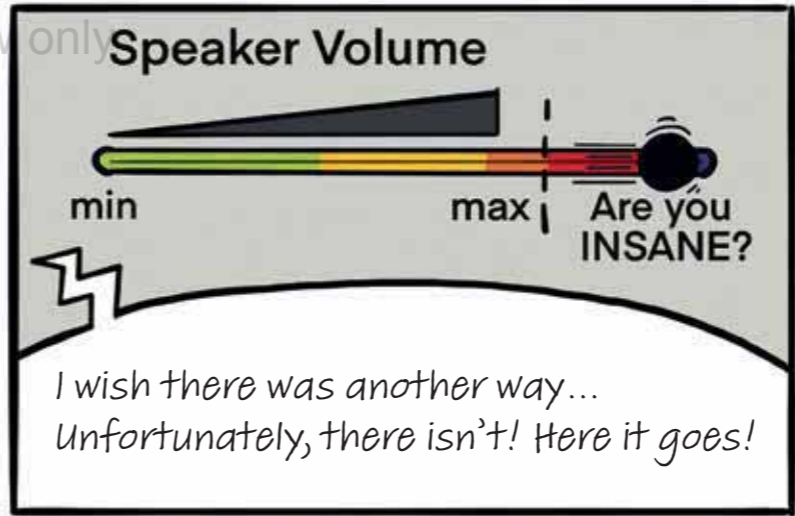

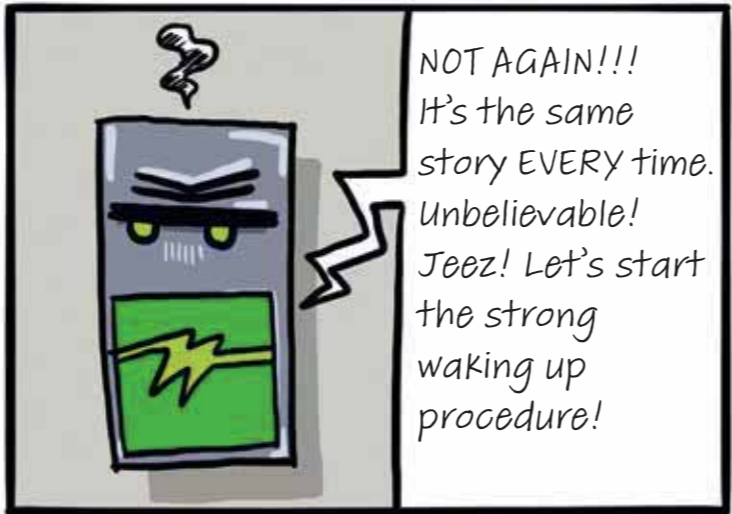

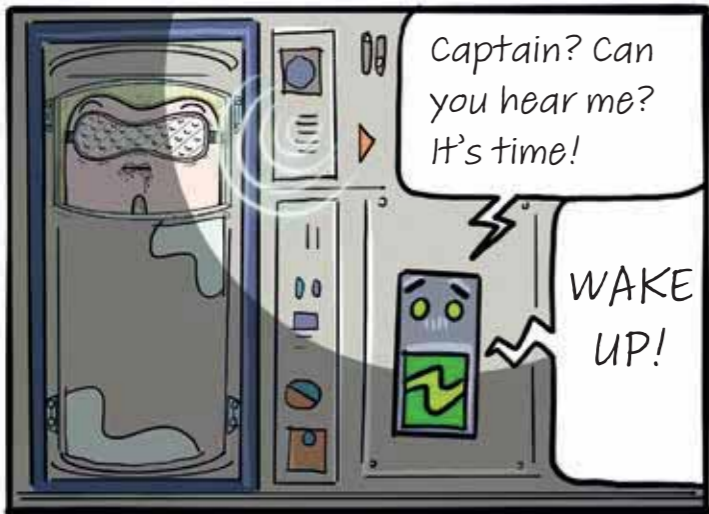

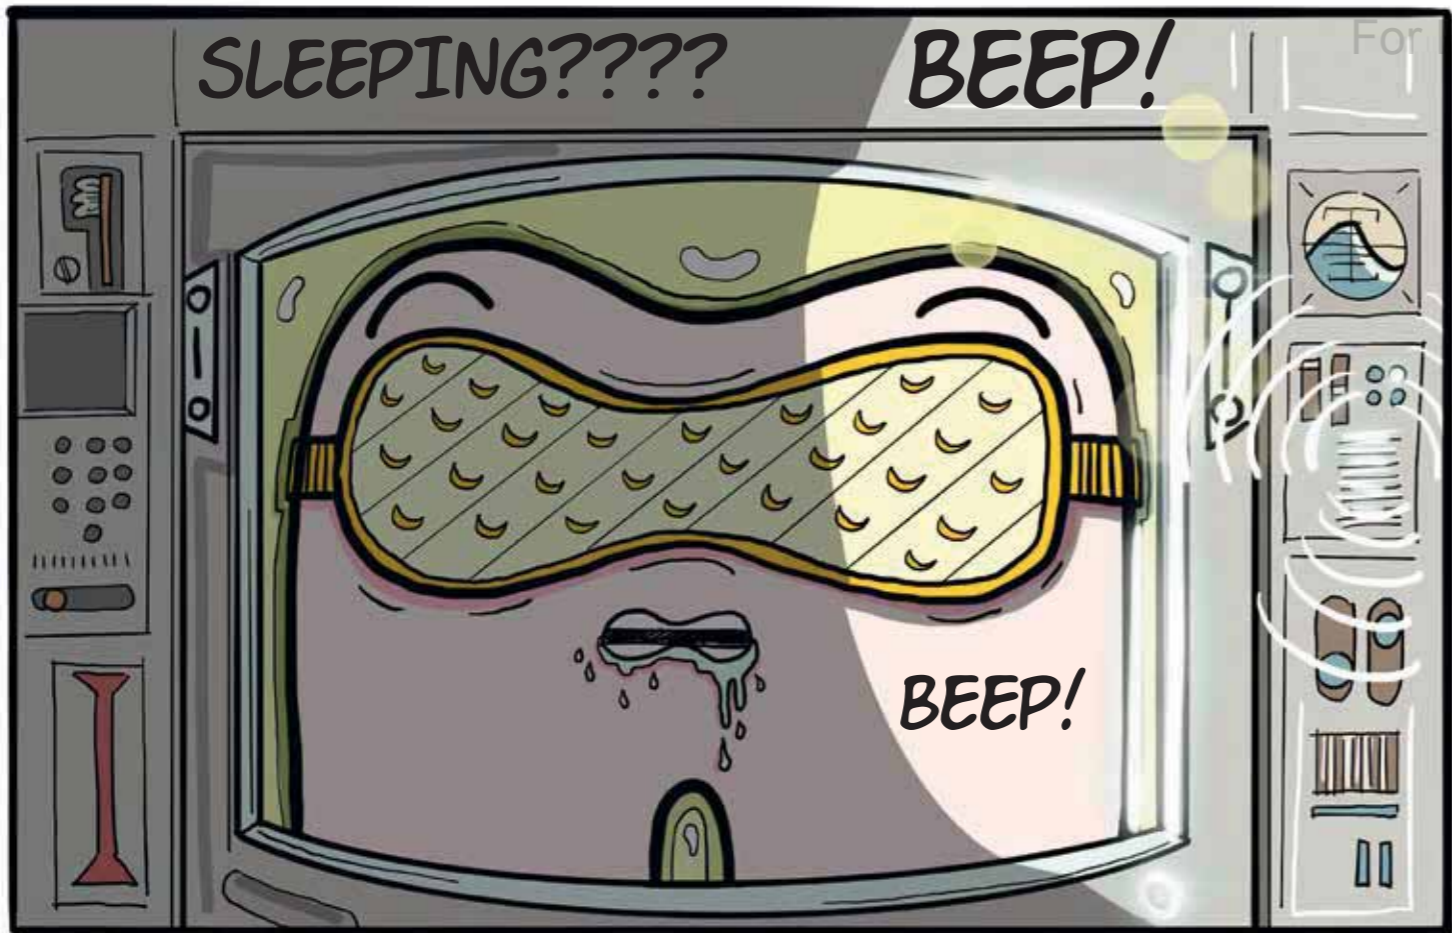

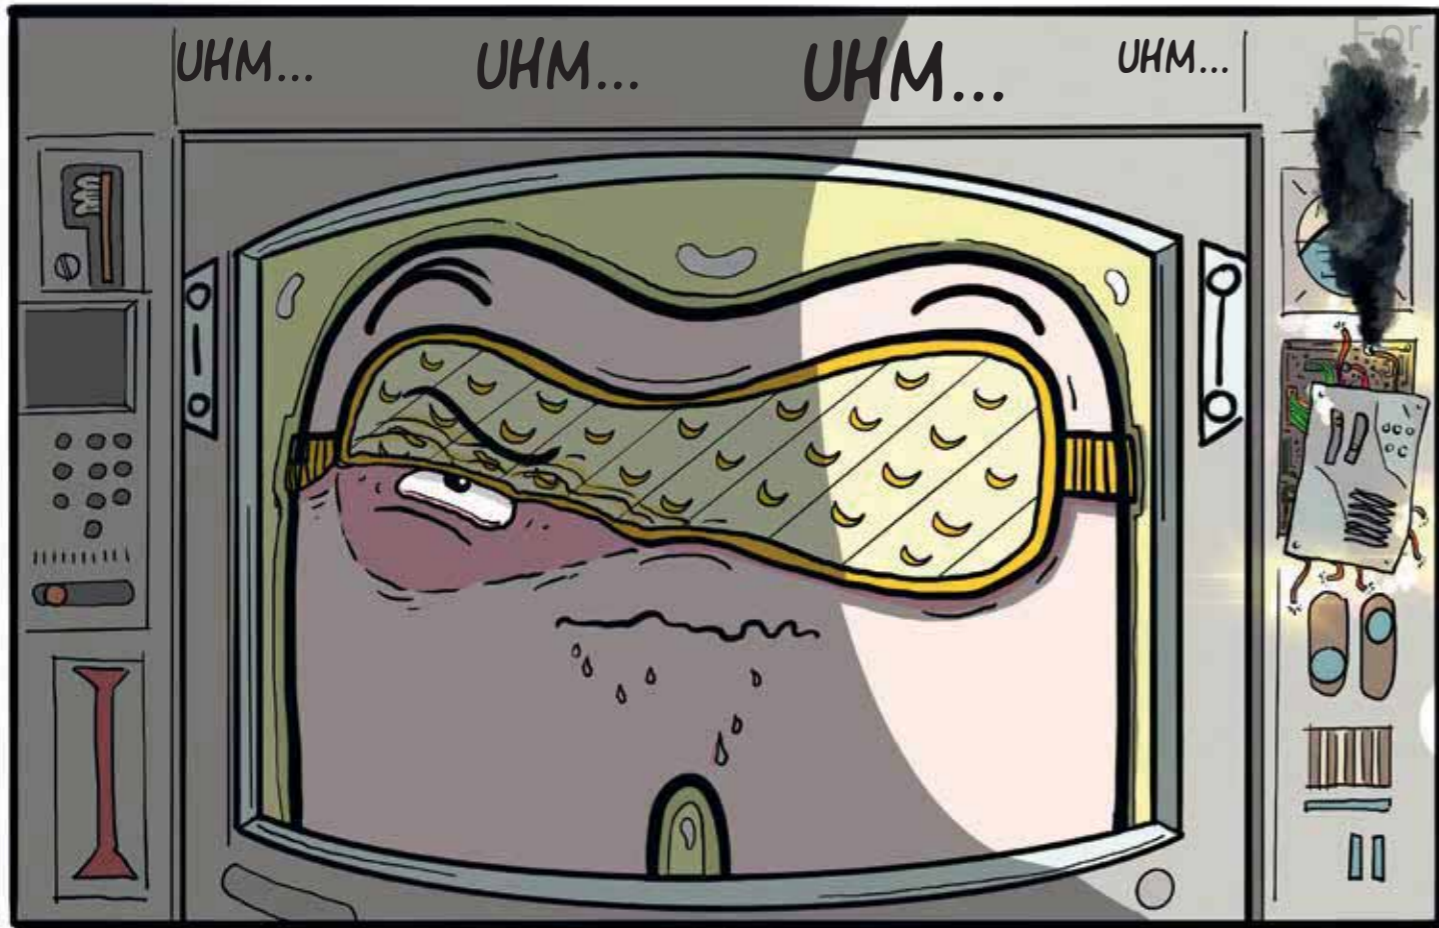

A HERO ALWAYS PRESENT! ALWAYS...

BEEP! BEEP!

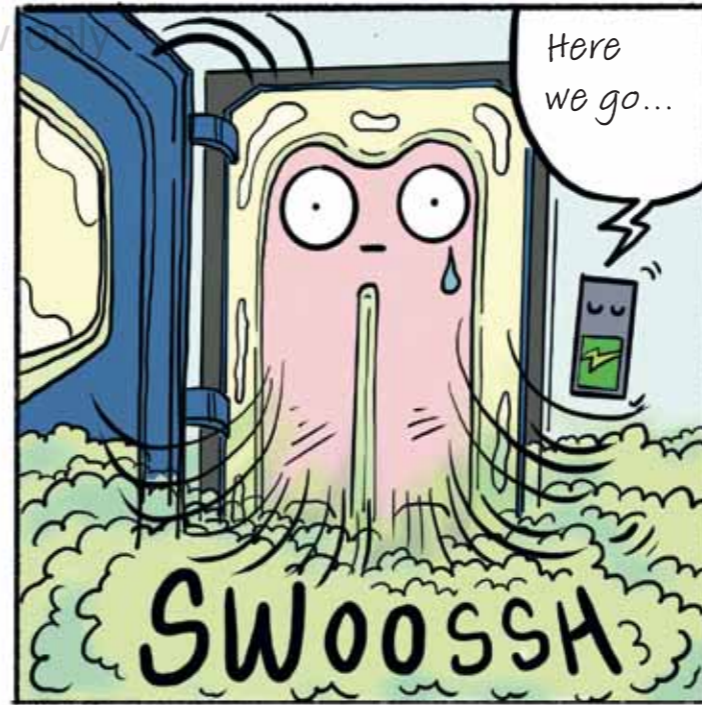

BEEP! BEEP!

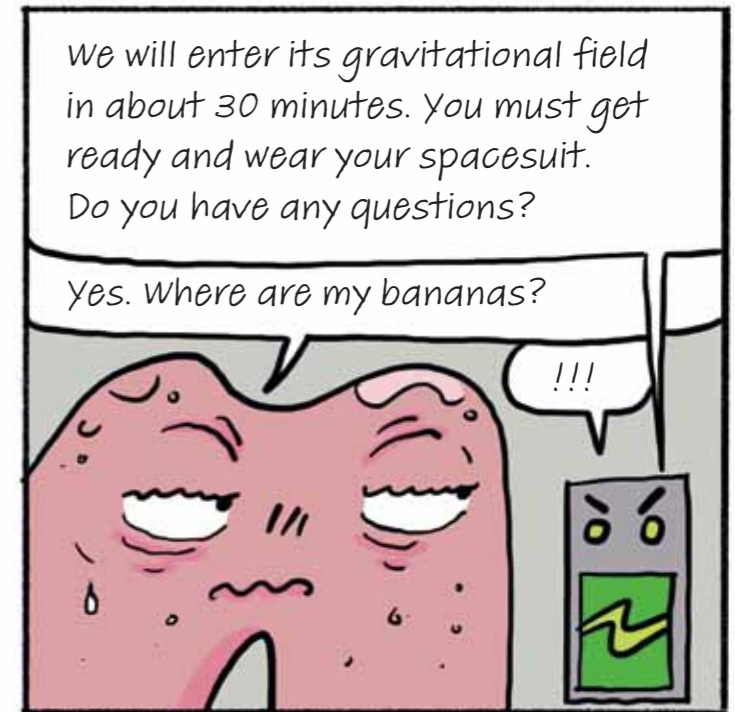

I am NOT your mother, Captain! Now get up! I'm going to open the capsule now. 3, 2, 1...

Captain, we have finally reached the source of the mysterious signal. After eight months in hypersleep, it is now time for you to get out there and check the situation.

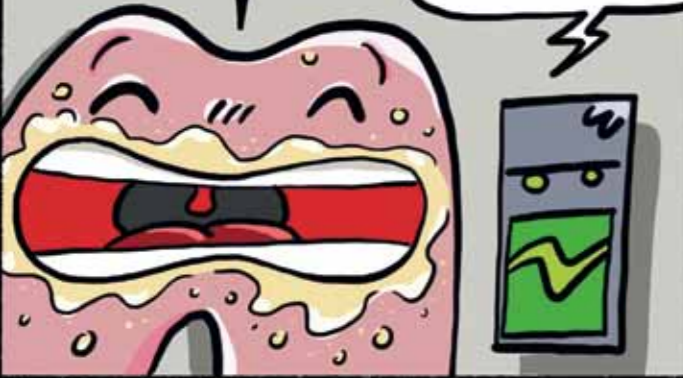

We will enter its gravitational field in about 30 minutes. You must get ready and wear your spacesuit. Do you have any questions?

Yes. Where are my bananas?

189 BANANAS LATER...

Slurp! Ah!!!
Now we're talking!

Feeling better?

Yes! Now I feel great and I'm ready to go! Captain Fingerman reporting for duty, sir. Yes, sir!

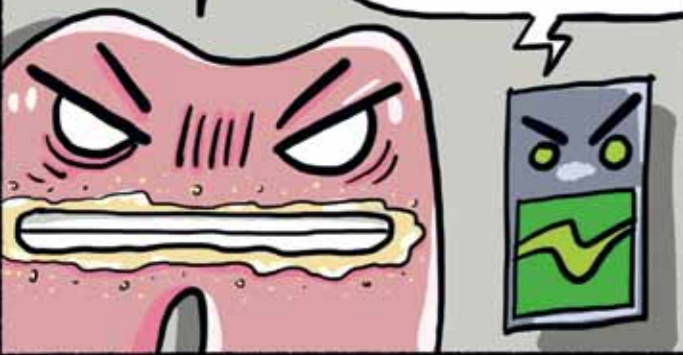

GOOD!

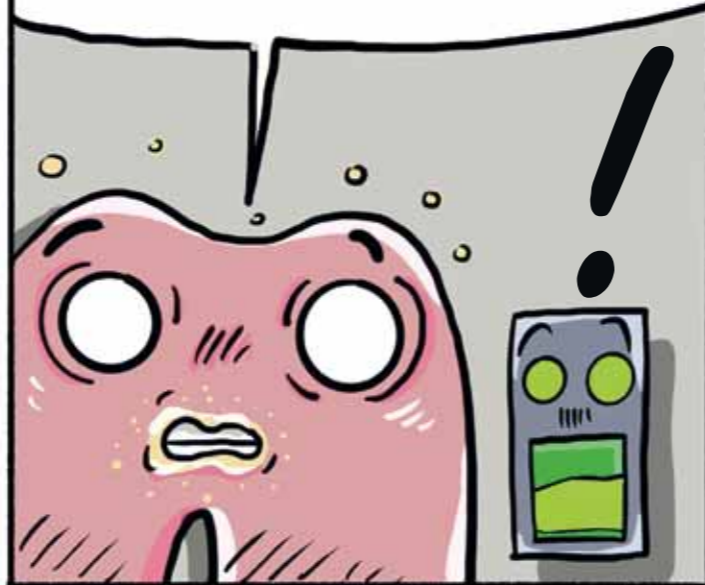

Your mission is awaiting, Captain! Are you ready?

Yes sir! I have just one question, sir!

What is it?

What's the mission?

For Review only

Oh, motherboard! Give me terabytes, no, petabytes to get through this!

Can you give me a flashback, please?

Please?
Please?
Please?

A year ago, BASA (Banana Aerodynamic and Space Administration) intercepted a signal from an unidentified object. As they were not able to understand it, the High Committee organised a space mission to explore, identify and evaluate the object with the purpose of minimising any risks or threats. This is our MISSION!

Hey! What's that?

My banana muffin...
Would you like some?

Not that!
THAT!

Oh my bananas!
Quick! Call General Fingerrick! NOW!

FACT SHEET – GENERAL FINGERICK
CHIEF OF BASA
CAPTAIN FINGERMAN'S BOSS
SUPER STRICT MILITARY MAN
ALWAYS ALERT
NEVER SMILES

Captain Fingerman, 24 hours ago,
BASA's radars identified an
unknown signal
from space.

We don't know
what it is!

You will fly our finest spaceship:
the BANANA STAR! The first in its
class. The best of our fleet. The BEST!

Your mission is to fly there, intersect
the signal of the unidentified
extrabananal object and evaluate
any potential threats for our planet.
You will be supported and guided by
the most sophisticated AI co-pilot
BASA has ever made.
It will be your
partner:

B.I.R.I.

This mission is crucial to the survival of
our planet. Do you have any questions?

Understood! How many bananas
will there be for this trip?

Full load!

Deal!

Oh, now I remember! General Fingerick
sent me to space in a spaceship
called... called... ehm... the... ehm...

Banana Star?

Banana Star... that's it! And
you are...? What's your name?

Seriously?
I am BIRI.

BIRI? B-anana, I-nfinite
R-eproducer, I-nstrument?

In your dreams perhaps...
BIRI is the acronym for...

B-uddy
I-n charge and
R-esponsible for the
I-ntegrity of the spaceship!

Now MOVE!
