

Welcome to Singapore – a “little red dot” right near the equator; a small melting pot! From the ArtScience Museum all the way to the Zoo, there is much to explore; let us share it with you!

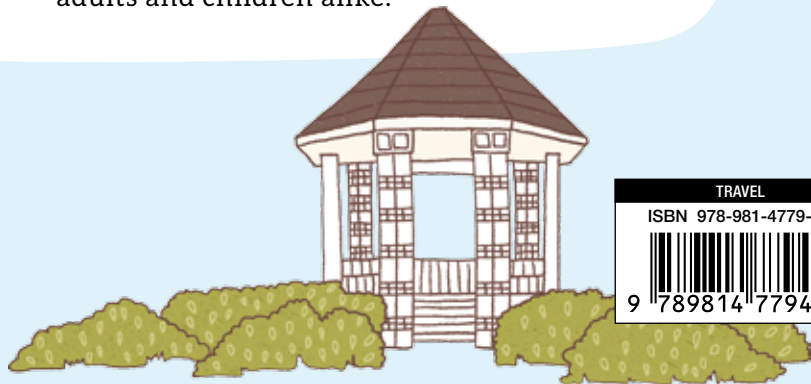

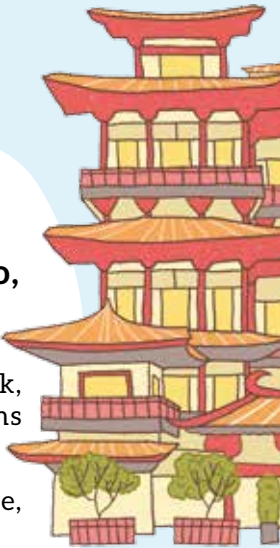

ABC Explore Singapore is a beautifully illustrated picture book, which takes the reader on an adventure to 26 diverse destinations across Singapore – all the way from A-Z.

It is a must-have keepsake for residents and visitors to Singapore, and the perfect gift for those living (or moving) abroad!
